BELLA FIGURA

Diamond Round Pendant

CL710

Collection Name
BEVERLY HILLS COLLECTION

This pendant version of our Diamond Round Table Lamp is the very first time a design from our iconic Beverly Hills collection has been adapted for ceilings. The elegant, faceted ball shape allows the light to refract and form a beautiful honeycomb pattern. Hand-crafted out of layered Murano glass and then polished by hand for up to 12 hours, each piece is a one-of-a-kind of unrivalled quality.
