BELLA FIGURA

Lexington Chandelier

CL131

Collection Name
MOONLIGHT COLLECTION

For us, the Lexington Chandelier echoes the dynamism of the Art Deco architecture found on the New York avenue from which it takes its name. This bold but uncomplicated design boasts a sleek line-up of frosted glass rods which channel light from integrated LEDs concealed within the frame and emit a seductive and glamorous glow. Select one of our Brushed Metal to equal the soft elegance of the Frosted glass or choose Polished metal finishes to amplify this piece's brilliance.

Required modifications for use on yachts - lacquer applied to all metal components, and frosted Lucite rods instead of glass.
