

BELLA FIGURA

Braque Lamp

TL331E

Hedron's bigger brother throws symmetry to the wind and draws a stronger connection to the work of the 20th Century Cubist painter and sculptor Georges Braque. With its interlocking planes of irregular geometric shapes, this lamp forms a commanding stature, which takes on a different form from every angle. This monolithic beauty can be ordered as a mirrored pair or as a single statement piece and is available in our two new aged finishes - Russet and Sepia
