Aurora Wall Light

WL806

Collection Name
VEGA COLLECTION

An ode to the great phenomenon of the night sky, the Northern Lights. The Aurora Chandelier is composed of two undulating layers of glass that dance back and forth. Each glass drop is embossed with a swirling pattern, highlighted by top-mounted LEDs that echo the spectral display of the Aurora Borealis to create a serene wonder. Now joined by the Aurora Wall Light, the collection extends this celestial beauty into new forms. Offering the same sense of movement, texture and radiance across a complete family of designs.
