BELLA FIGURA

Lunar Flush Mount Chandelier

CL213-FM

Collection Name
MOONLIGHT COLLECTION

Alternating Satin and Clear glass plates describe the cyclic waxing and waning Moon phases of which we are familiar, on our Lunar flush mount light. The style of this ceiling light is informed by archives of 1920s Murano glass chandeliers and rejuvenated by a pared down, sleek approach to its form. A highly versatile piece, we are delighted to offer this design with both Round and Rectangular frames in an array of sizes, as well as this Flush Mounted option.
