## **BELLA FIGURA**

### Lunar Chandelier

### CL213-RO

Collection Name
MOONLIGHT COLLECTION

On our Lunar chandelier, alternating Satin and Clear glass plates describe the cyclic waxing and waning Moon phases of which we are familiar. The style of this ceiling light is informed by archives of 1920s Murano glass chandeliers and rejuvenated by a pared down, sleek approach to its form. The perfect pairing to this chandelier is our Lunar wall light, which echoes the orderly sequence of light across its face.
