BELLA FIGURA

Arctic Pendant

CL375

Collection Name

CONTOUR COLLECTION

Glittering crevasses lace the surface of our Arctic range, glinting flawlessly as they catch the light. A classic crackle technique made in England from pure lead crystal for heightened clarity and allure; these pieces provide stand alone simplicity or are the perfect complement to our intricately cut Glacier range. Use them individually or make use of our customisation service to group several together for a completely individual look.
