OBJECTS & ILLUMINATION COLLECTION

Revolutionary in the world of cartography, contour lines changed the way we capture the worlds beauty. Whether it be the rolling hills of the Cotswolds, the sheer cliffs of the Grand Canyon, or the near endless plains of the African savannah, contour lines capture all the myriad shapes of our globe. Hand-crafted so no two pieces are ever exactly the same, the Contour Vase reflects this organic individuality with a slim, tapering oval profile and a ridged texture with a matte finish. In keeping with its roots, the Contour Vase is available in a rich, earthy palette of Ocean Blue, Dark Olive, Aubergine and Champagne.
