Harlequin Vase

VAS003

Collection Name
OBJECTS & ILLUMINATION COLLECTION

First introduced in the 16th century Italian theatre movement, commedia dell’arte, harlequins were witty, mischievous clowns who made their costumes by sewing together fabric scraps in an elongated diamond pattern. The Harlequin Vase brings this centuries old pattern new life with sculptural elegance and precision. Each diamond is meticulously hand cut into the glass by our Murano glass masters in keeping with the rich history of this iconic pattern.
