# Optic Lamp

## TL825E

Collection Name
**VEGA COLLECTION**

Named in reference to the starburst rays of light which crown stars in astrophotography, the birds eye view of our Optic table lamp reveals a superb structure which visually represents these light optics. Viewed from the side the visual concept which inspired this design is totally disguised, but this new dimension offers a totally unique play on the original inspiration and gives a transitional look as the ceramic fins carve out a traditional shape in an ultra-modern style. A triumph of this collection, the Optic table lamp makes a convincing entrance to our collection in three statement looks; Chalk, Jasper and Oil.
