Ruffle Chandelier

CL207-SM

Collection Name
MOONLIGHT COLLECTION

The Roaring Twenties brought a break with tradition marked by great advances in design, the essence of which can be seen in the flamboyant fashion updates of the era. Ladies were adorned in extravagant and dazzling dresses with intricate beading and shimmering sequins. It was this elaborate embellishment that led us to imagine the smaller of the Ruffle ceiling light family, abundant with overlapping plates of gently waving satin glass, each completed by a spherical finial at its centre in a finish of your choosing.
