Selene Pendant

CL828-PEN

Collection Name
VEGA COLLECTION

The Selene Pendant embodies balance and purity, sculpted from natural alabaster. Inspired by Selene, the Greek goddess and personification of the moon, its perfectly rounded form mirrors the celestial body she represents. A fine central opening allows light to escape softly from within, revealing the stone's delicate veining and natural translucence. Each pendant is individually shaped, making every piece a one-of-a-kind expression of natural artistry. Minimal yet commanding, the Selene Pendant offers a contemporary interpretation of alabaster lighting, refined, timeless, and beautifully atmospheric.
