Spectre Pendant

CL850-PEN

Collection Name
ANIMA COLLECTION

The presence of energy and movement cannot always be explained; a phantom, a mirage or a ghost. Our Spectre range takes on a somewhat ethereal form with its amorphous shapes and diaphanous presence. Created from a new suspended glass fixing, the Spectre ceiling lights appear to hover in mid-air and hint at the vestige of energy where life may once have been. Unlike its chandelier counterparts, this pendant is offered in purely transparent glass with a dazzling bubbled globe centrepiece that creates a unique radiant glow.
