BELLA FIGURA

Strobe Chandelier

CL851

Collection Name
ANIMA COLLECTION

This spectacular form is illustrative of the spasmodic glimpses of movement between each burst of light when a stroboscopic light source is at play. This is represented with slices of hand formed glass, each of which are discreetly unique. While embodying the animative character of strobing light, this new chandelier is dazzling for very different reasons, it does not flash but instead offers a warm glow and striking presence to your interior.
