OBJECTS & ILLUMINATION COLLECTION

Mesmerising, powerful, and terrifying in equal parts, the ocean is simultaneously the cradle of life itself and a source of eternal dread for men and women since the first boats set out from stony shores. The Wave Vase takes inspiration from this juxtaposition. Fluid in form with its sweeping curved texture, yet rigid and heavy in its thick, cylindrical structure of Murano glass. Hand-crafted by our glass masters, each piece is unique, just like the vitality breeding ocean it takes its namesake from.
