

AUTUMN COLLECTION 2026

BELLA FIGURA
THE WORLD'S MOST BEAUTIFUL LIGHTING

Autumn Collection 2026

For Autumn 2026, we present a collection shaped by light, form and the extraordinary possibilities of glass. New silhouettes sit alongside reimagined favourites, bringing together sculptural statement lighting and beautifully considered pieces for more intimate spaces.

At the heart of the collection are a series of striking new forms. Clair de Lune introduces a distinctly architectural language, defined by slender lines and softly diffused light. Encompassing ceiling, wall and floor lamp designs, the collection offers a refined approach to layering light throughout an interior. The much-loved Ruffle design also takes on an entirely new proportion with the Large Rectangular Ruffle Chandelier, where layers of individually formed glass flow across an elongated silhouette to create an organic, almost weightless centrepiece.

Artisanal glass continues to inspire on a more intimate scale. The new Diamond Oval Table Lamp combines a softly rounded silhouette with precise faceting, playing beautifully with reflection, depth and light. The distinctive geometry of diamonds is explored further through the Jewel Pendant and Table Lamp, bringing the design's gem-like character to elegant new proportions.

The new Nimbus Chandelier and Wall Light introduce another expression of glass craftsmanship. Layers of softly textured glass panels are arranged in sculptural tiers, allowing light to filter through their irregular surfaces and creating a warm, atmospheric glow. From the dramatic chandelier to the more intimate wall light, Nimbus brings texture, movement and depth to the collection.

Colour takes centre stage this season. The iconic Pentagon range is reimagined in three new colourways – Rose, Champagne and Olive each offering a distinctive interpretation of its dramatic, silhouette and bringing a new sense of character to this signature design.

Diamond Solitaire evolves for Autumn 2026, introducing new expressions of its distinctive Murano glass. For the first time, the collection expands beyond the table with the introduction of the Diamond Solitaire Pendant, available in small and large size glass, offering a new way to experience the design within an interior. Suspended individually or arranged in multiples, the pendant reveals the depth, texture and character of the glass from every angle.

The Diamond Solitaire Table Lamp is also reimagined in two striking new colourways; Leopard & Clear and Turquoise & Clear bringing a richer, more expressive dimension to this iconic design.

From dramatic chandeliers to understated architectural light, Autumn 2026 celebrates sculptural form, rich texture and considered colour, brought to life through exceptional materials and meticulous craftsmanship.
